## Thieves Ransack Venice Schools

Closed Store Looted  
Of 2 Cash Registers,  
6 Fans; Other Thefts

Thieves looted and damaged the Venice school, stole two cash registers and four fans from a closed store in Venice and took a variety of other loot in a series of thefts reported to area authorities.

Money in two small school funds was stolen and considerable damage to doors and filing cabinets was caused by burglars who possibly gained entry with keys stolen in a previous burglary at the Venice school, Venice police reported at 11:30 a.m. yesterday.

Police were called by Gus Rhenus, school custodian, who said the burglary apparently occurred last Saturday night or early Sunday morning. He said he had checked all doors at 3:30 p.m. Saturday.

No sign of forced entry, and school officials said it is probable that keys were used. A large number of keys was stolen from the school office in a previous break-in.

The intruders pried open the food locker room door and broke open the door of Principal Louis Sabini's office where they broke open a safe and several cabinets. Sabini said there was no money in the safe or cabinets.

They also broke open a drawer in a desk in the library in which book fines usually are kept, but there was no money there at the time, Sabini said.

The thieves took about \$35, however, from the shop fund and the lock rental fund, the principal said. The door to the gymnasium also was pried open, police said.

**Storage Bldg. Looted**  
A break-in at the former Ira King confectionery, 315 Weaver street, now used for storage, was reported to Venice police at 11:15 a.m. Saturday. A lock on the front door was pried off.

Missing are two cash registers worth \$1400, owned by King; and three electric fans owned by Mary Stovall, 315 (r) Weaver, and a fan on wheels owned by David Anderson, 315 (r) Weaver.

Five cases of assorted whiskey were stolen in a burglary at the Orchard Lounge, Chain of Rocks and Maryville roads between 2 and 8:20 a.m. Sunday, it was reported to the Madison county sheriff's office by John J. Rags.

Entry was gained by forcing the west side door.

**\$24 Tilt-Tapping**  
Two boys, 15 and 18 years old, both with sandy hair, made off with \$24 from a cash register at the Commercial Shop, 1924 1/2 State street, when the proprietor, Arnold Mason, was working in another part of the shop. Mason told police the boys went behind the counter to the register to steal a roll of quarters, roll of dimes, roll of nickels and 16 or 17 \$1 bills.

Attempted break-in at the home of Rose Carter, 1213 Lake street, Venice, was reported to police Thursday. Officers said a screen door had been pried open, but entry was not gained.

Steven Kraus, 4020 Melrose avenue, reported a burglary at 2:30 a.m. at a large number of hand tools—sockets and wrenches.

## PFV MELVIN FREISE Killed in Action

## Venice Marine Melvin Freise, 19, Killed in Vietnam

A Venice Marine, 19-year-old Pfc Melvin John Freise, was killed in action in Vietnam last Wednesday, his parents Mr. and Mrs. Clarence Freise, were advised on Friday.

The telegram from Gen. Leonard F. Chapman Jr., Marine Corps commandant, stated: "I deeply regret to inform you that your son, Pfc Melvin John Freise, died April 23 about seven miles south of Da Nang in Quang Nam Province, Republic of Vietnam."

"He sustained multiple fragmentation wounds to the head and body from a hostile explosive device while moving into position to set up a company-size blocking force for search and clear operations."

Mr. Freise, a world war veteran, commented, "It sounds like it was a booby trap." The father, a Granite City Steel Co. employee, has hip ailments and has not worked since Jan. 5, 1968.

**Phoned Home March 25**  
Pfc Freise, a graduate of Sacred Heart grade school and Venice high school, enlisted in the Marine Corps on Sept. 11, 1968 and trained at Camp Pendleton before going to Okinawa and on to Vietnam. He telephoned his parents from Okinawa on March 26 and said he was leaving that night for Vietnam to serve with the First Marine Division.

He said that they would be going into action within 10 days after arriving in Vietnam. The youthful Marine was 19 on April 13th. He is the 25th Quad-City to be killed in Vietnam action and the 28th local serviceman to die as a result of service during the war.

Besides his parents, Pfc Freise is survived by four sisters, Vickie, Eileen, Patricia Fay, Norma Jean and Mildred Freise; and grandparents, Mrs. Martha Fastold of Venice and Otto Henry Freise of Caseyville. A sister, Peggy, preceded him in death in 1962.

Military funeral services are pending at Lahey Funeral Home in Madison.

**Crew Ordered to Cut  
Train at Crossing**  
An 85-car Terminal Railroad Association train that blocked the South Fourth street crossing in Venice for nearly an hour while waiting to get into the yards was broken by the crew at 4:28 a.m. to permit a flow of vehicular traffic.

Venice police logged complaints at 3:25 a.m., 3:42 a.m. and 3:52 a.m. and notified the TRRA yards each time.

## Area to Vote for Senator Tomorrow

Sixth Election This  
Year to Be Held in  
Area, Part of County

Quad-City voters will go to the polls tomorrow in the sixth election this year to elect a senator of the 53rd State Senatorial District for one year of an unexpired term.

The special runoff election involves only two candidates: Harry Briggs, Nameoki township supervisor, the Democratic nominee, and Merrill Otwein, an Edwardsville veterinarian who was nominated on the Republican ticket in the special March 11 primary.

The election will be held in the four townships of the Quad-City area—Granite City, Nameoki, Venice and Chouteau—and six other Madison county townships which include Edwardsville, Alton, Wood River, Godfrey, Pin Oak and Jarvis.

Polling places will be open at 6 a.m. and close at 6 p.m. Tabulation of the tallies by precinct election judges will be reported directly to the office of County Clerk Eulalia Hotz.

**Includes 144 Precincts**  
The 53rd Senatorial District includes 144 of the 186 Madison county precincts.

The victor in tomorrow's contest will fill the vacancy created by resignation of former Senator Paul Simon (D-Troy) following his election as Illinois lieutenant governor in the November general elections last year.

Both Briggs and Otwein were nominated for the senatorial runoff during the special primary last month. Briggs defeated four other candidates while only two candidates contested the Republican nomination.

The newly elected senator will serve little more than a year since all senatorial terms expire next year subject to a primary election in June and a general election in November.

Unless there is a special general Assembly session early next year, the victorious candidate will see only about two months service in this year's legislative session at Springfield.

**List Polling Places**  
Polling places in which Quad-City area voters will ballot tomorrow are:

Granite City—No. 1, Quad-City Social Club, 1707 Madison avenue; No. 2, Township Relief office, 1808 State street; No. 3, Stella Kutzer residence, 1203

## Mitchell Boy, 22 Months Old, Drowns at Home

David Alan Schuman, 22-month-old son of Mr. and Mrs. Robert (Charlotte) Schuman, 140 Central avenue, drowned about 10:40 a.m. today in the basement pump at his home. Efforts by the Mitchell volun-

teers to revive the child were unsuccessful.

The baby's body was discovered by the grandmother, Mrs. Margie Kamadulski, who was visiting her daughter and went into the bedroom to see the child. She told Coroner Robert Thomas she found him hanging at the back of the bed with his chin on the mattress.

Mrs. Kamadulski said she moved the bed and freed the baby, but that he apparently was dead at the time. The baby was taken to St. Elizabeth hospital where he was pronounced dead after arrival.

A coroner's jury impaled at the coroner's office late Thursday afternoon returned a verdict of accidental death.

In addition to his mother and grandmother, the baby is survived by three brothers, Rocky Lee, 6, and Richard Wayne and Robert Glen, twins, 4, and two sisters, Barbara Ann, 3, and Melba Jean, 7.

Funeral arrangements are being made at Mercer Mortuary (578-4321).

The citation accompanying the Legion of Merit stated: "Operating in areas largely controlled by the enemy, living under adverse conditions and continuously plagued in the aggressive pursuit of his mission by logistical and support difficulties, Lt. Comdr. Sheppard accomplished a distinctive record of accomplishments in counterinsurgent riverine reconnaissance."

"With unusual perspicacity he detected, followed and pointed out to higher authority an evolution in enemy tactics on the basis of which there emerged a massive shift in River Patrol Force tactics and employment. Under his exemplary leadership, Task Group 116.1 accounted for totals of more than 295 Viet Cong killed, wounded or captured and huge amounts of enemy material and supplies captured or destroyed."

**Diamond Men Sparkle**  
Win 3 of 4 at Home

Warrior diamondmen had a good homestand, Thursday glopping the Edwardsville Tigers 5-2, Friday edging out Riverdale Gardens 6-5 and Saturday splitting a doubleheader with St. Louis University High 1-0 and 2-5.

The Warriors had been slumping in a series of losses and ties until Thursday, when a junior rightshander of little experience, known to his teammates as the Deacon, Ron Simpson, pitched.

He allowed only three hits and won the game but sat afterwards, "My control wasn't up to par. I'm usually a curveball pitcher, but it wouldn't curve, only spin."

In the third inning, after he threw two hits, the Deacon described the action this way: "I walked another man. Then my brother (Gary), who was in the batter's box, the mound and said, 'If you walk another man Coach Garbe is gonna pull you.'"

He allowed in his mind, he avoided giving up another walk or hit for the remainder of the game.

Warrior runs were accomplished in the first and sixth innings.

In the first, Jerry Monahan walked, stole second and scored on an error. In the sixth Richard Logan doubled, Ron Simpson hit to second and the band, Roger Belshie walked, the frequently successful James Becker tripled for three RBIs. Gary Simpson hit to drive in the final run.

## Miss Carol Pieper Becomes Bride of Alan Thos. Scharf

Sacred Heart Catholic Church was the scene of the wedding Saturday afternoon of Miss Carol Ann Pieper, and Alan Thomas Scharf.

Their parents are Mr. and Mrs. Ferd J. Pieper, 2681 Benton street, and Mrs. and Mrs. William H. Scharf, 2922 Palmer avenue.

Bouquets of white snapdragons and snow crystal pom poms adorned the altar. Woodwards and palms provided the background for the floral arrangements and white hurricane candles. Standards entwined with smilax were used the length of the white carpeted aisle.

The double-ring ceremony was performed at 2:30 by the Rev. Kevin Sullivan.

Mrs. Margaret Crawshaw presided at the organ and accompanied the vocalist, John Stanfill, as he sang "Ave Ma-

ria." "Pani Angelicus" and "Mother Beloved."

Mr. Pieper gave his daughter in marriage. She wore a floor length A-line gown of peach lace. Reem-broidered Alencon lace with clusters of sequins and aurora borealis stones highlighted the deeply rounded neckline of the Empire bodice and the cuffs of the wrist-length sleeves.

A headpiece of Chantilly lace edged with pearls held in place the bride's three-tiered veil of silk illusion sprinkled with sequins, and she carried an off-side cascade of Eucharis lilies, baby breath and garlands of ivy.

Mrs. Claude Franke was honor attendant. Mrs. Richard Pieper, a sister-in-law of the bride, and Miss Debbie Scharf, the bridegroom's sister, served as bridesmaids, with a younger sister of the bride, Miss Jeanne Pieper, as junior maid.

They wore identical gowns of mint green dotted swiss over taffeta with full flowing skirts. The bodices were designed with bateau necklines and cap sleeves. The Empire waists were encircled with matching taffeta belts applied with white Venise floral and mint green hats of tulle petal clusters were accented with lace motifs. Tinted hairbraids secured four-tiered bouffant veils and all carried offside cascade bouquets of Verdine Abbey rose and baby breath. Mrs. Russell Marti presided over the guest register.

The former Miss Pieper was graduated from the Granite City high school and DePaul Hospital School of Nursing. She is presently employed in the Intensive Care Unit of St. Elizabeth Hospital.

Mr. Scharf also graduated from the local schools and attended Southern Illinois University for two years. He has completed three years Army service.

flower girl and ring bearer. The former was dressed like the older girls and carried a miniature bouquet of the same flowers.

Mr. Scharf was attended by Robert Keiner, best man, and Debbie Pieper, the bride's brother, and Larry Noth, groomsmen. Two brothers of the bride, David and Alan Pieper, were ushers. Candlelighters and altar boys were Jim Scharf, the bridegroom's brother, and Sam Butsch.

For her daughter's wedding Mrs. Pieper chose a mint green crepe coat and dress ensemble accented with matching Venise lace, white accessories and a corsage of Verdine Abbey roses. The bridegroom's mother was in a pink crepe dress over which was worn a matching lace coat and white accessories. Her flowers were white roses.

**All Inter-City Ball Games Rained Out**  
All games in the Southwest-ern Illinois Inter-City Baseball League scheduled for Sunday were rained out and are to be played at a later date.

The schedule had carded Collierville Molitor at Mercer, Credit Union at East Alton and Maryville at Pocatamos. It was the second rainout in the three-week-old season.

**MHS Bows at Trenton**  
The young and inexperienced Madison high tennis team was shut out Thursday at Wesclin of Trenton. The team score was 5-0.

**Slow Pitch for Girls**  
Junior high girls interested in joining a girls' slow pitch softball league scheduled for mid-May through July, may contact the Granite City park district at 877-3659 and sign up as individuals or as teams.

**Grigsby Wins 17-7 After 9-7 Setback**  
The baseball Gators lost Thursday at Edwardsville, 9-7 but on Friday outscored North of Alton, 17-7. The Grigsby Gators' hits Thursday were by Tim Spiker (2), Randy Ganz (8), Stan Hale (2), John Lengyel, Gary Lively, Randy Sturdevant and Chuck Logas.

The winner of Friday's high-scoring game might have been a tossup except for the mid-game relief pitching of Sturdevant. Gator hitters were Ganz, Lengyel, Spiker (3), and Lively.

**Trojans Capture 10-6 Slugfest at Highland**  
The baseball Trojans were victorious at Highland Saturday, 10-6. Madison used three pitchers.

Bill Campbell started his first game of the year, pitching four full innings. He allowed one hit and one walk and struck out one to receive the win.

Don Bunk replaced him in the fifth and hurled one yard 2½ innings. He posted three hits, a walk and two strikeouts.

Doug DeKosier came in with the bases loaded and two out in the sixth, retiring the next batter on a grounder to first base. He surrendered one hit and no walks and struck out three during his stint.

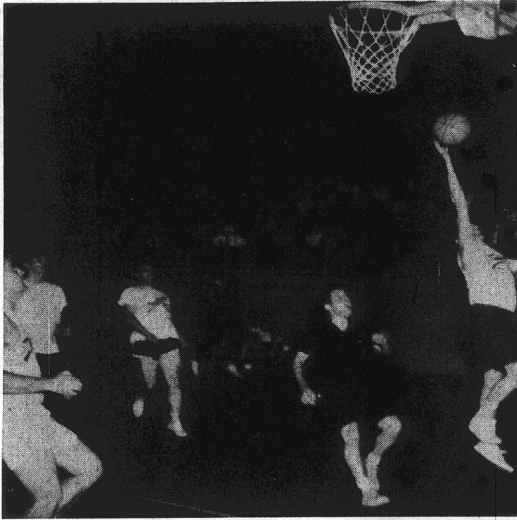

The Trojans opened the scoring in the second inning. Jim Scott led off with a walk and later stole second. Howard Harper singled him home.

BUCKET FOR NEWMANITES as Rev. Martin Mangan lays one up in the benefit basketball game sponsored by the Knight of Columbus Friday night pitting the "Saints vs. the Sinners." The saints claimed the victory. Others in the action are, from left—Rev. Kevin Sullivan, Don Stanton, Rev. George Morelock and Charles Parkinson. Official in the background is Ron Sied of Highland.

## 'Sinners' Claim Foul As 'Saints' Cagers Win

The "Saints," bringing in some out-of-town ringers, defeated the "Sinners" by an estimated and disputed score of 32-17 before about 300 fans in a benefit basketball game sponsored by the local Knights of Columbus Friday night in the Nameoki school gym.

The game pitted Catholic clergymen against K. of C. officers and committee chairmen. Proceeds will be contributed to Newman Foundations at state universities in Illinois.

In the no-holds-bar contact game featured by bumps and bruises, referees called 65 fouls, with 55 being against the "Sinners."

One of the officials, Father Terry Shea of Venice, candidly admitted after the game that he "cheated." Fans booed and hissed.

One of the point-makers was 5-5 Father Martin Mangan of St. Joseph's parish, along with Father Kevin Sullivan of Sacred Heart parish. Out-of-town "Saints" included seminarian Doc Bolin and Father Donald Knuffman of Edwardsville.

The longest shot swishing the net was made by Don Stanton before the game started, right after he was introduced.

Other guest officials were Robert "Pretzel" Wehling of Edwardsville and Ron Sied of Highland.

Half-time entertainment was provided by wives of the "Sinners" who staged a game of their own.

The cagers came out of the battle unscathed, and ambulances were sent home empty.

A sing-along and dance followed at the K. of C. hall where refreshments were served.

## Trojans Rally to Win Over Triad Nine--8-7

The Madison baseball team's mid-game jinx occurred again, but the Trojans rallied to kindle a victory from Triad at Madison Thursday, 8-7, giving Madison its second consecutive win and a 3-2 record in conference play.

Madison scored two runs in the first inning on an error by Triad.

In the third inning the jinx came, as Madison began to splutter, giving up the sphere itself, giving up five runs and another run in the top of the fourth for Triad to lead, 6-2.

Then, Trojan Doug DeKosier doubled, went to third on a wild pitch and crossed the plate on a sacrifice fly by Jim Scott. But Triad parried with another run, setting their lead at 7-3.

The Trojans big inning was the sixth. De Kosier singled, Jim Scott singled and Howard Harper singled to load the bases. Gary Wood walked, forcing in a run. Bob Scott lined a double down the left field line, clean-

ing the bases and putting the score, 7-4.

In the last inning, Courtney Prothro singled; DeKosier hit a quickly sinking line drive to left fielder who attempted and missed a shoe string catch to allow Prothro to score all the way from first base.

Don Bunk (6 hits, 1 walk, 2 strikeouts out) was the winning pitcher. Bunk had relieved Doug DeKosier (3 hits, 2 walks, 1 strike out) during the fourth inning.

## GCHS Hosts Annual County Track, Field Meet Tomorrow

The annual Madison county track meet will be held Tuesday at the Granite City high school field. Admission prices will be \$1 for adults and 50 cents for students.

Preliminaries will begin at 4 p.m. and the opening ceremonies will take place at 6 p.m. tomorrow.

For the first time, the meet will be divided into two divisions.

Schools with student bodies numbering 1000 will compete in the Red Division. Red Division schools are Granite City, Alton, Edwardsville and Collinsville.

The Green Division will consist of schools with less than 1000 students—Madison, Bethalto, Rozana, Highland, Wood River, Triad, Marquette of Alton and St. Paul high of Highland.

Trophies and individual awards will be presented, and it is hoped to have extensive participation by smaller schools. They will have an opportunity to establish Green Division records, since all the winning times, heights and distances will be new marks; previous county records will be considered in the Red Division. Alton looms as the favorite, although GCHS also has looked sharp this season. The half-mile relay is expected to be a photo finish.

Alton at present holds all but three of the records. Other marks are held by Collinsville and Edwardsville.

## GC Best of 57 Teams At Mattoon

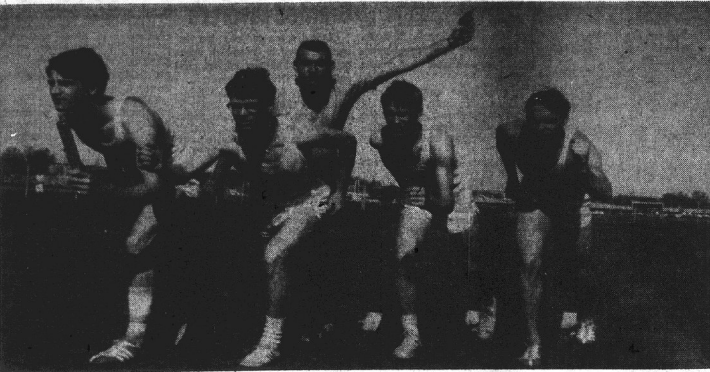

Warrior trackmen finished first out of a field of 57 schools at the Mattoon relays Saturday. The top team scores were Granite City '86, Decatur MacArthur '86, Danville '84 and Springfield Southeast '89.

There was a 25-mile-an-hour wind, causing most events to be won with marks of less than the expected excellence. But Warrior Gene Briggs didn't concern himself with the breeze and set a new Mattoon relay meet record in the two-mile run of 10:29.2.

Mike Allen was another Warrior who won beyond the call of duty. He collected 15 points, the absolute maximum number any individual could possibly win.

In all the events Allen participated in, he earned first place.

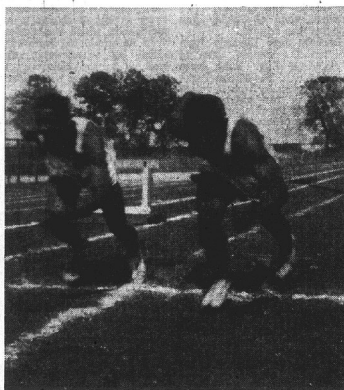

Varsity GCHS trackmen who placed were: 120 Ht, Mike Allen 1st (5.6), Mark Twietmeyer 4th; 100 dash, Jim Jones 3rd; 880 dash, Jim McDuffy 5th; 880 relay, GCHS 1st, Mark Lakatos, Dennis Gillie, Don Smith, Jim Jones, (1:34.5); 440

records that had stood since 1936 and 1953. The coach encourages his runners with all the means at his disposal (but not including the gun).

### CANDIDATE OTWEIN AN OUTSTANDING MAN

To the Editor:

This letter, my first to a newspaper editor, is prompted by my strong convictions about the forthcoming senatorial election.

As a former Granite City resident, I would like to ask the voters of the Quad-Cities to earnestly consider the candidacy of Dr. Merrill Otwein on Tuesday.

His desire to represent the 53rd District as state senator provides all of us with the opportunity to elect a man to political office who combines integrity, intelligence, energy, initiative and compassion into a force to improve the quality of all men's lives.

Merrill doesn't just talk about principles and ideals—he lives them, as evidenced by his taking his wife and four children to Honduras for a year in order to direct a self-help program for the people of that country for Church World Service.

His having attained professional success, business success and recognition as a community leader at age 39 attests to his intelligence, which was evident when he graduated from high school as valedictorian and went on to the University of Illinois to graduate with highest honors.

The best testimony made to the regard people have for Dr. Otwein is the fact that 768 friends and supporters paid to attend dinner and a spend an evening with him on March 10, and they stayed to give him a standing ovation after hearing what he had to say—this for a man not yet elected.

This dinner, too, had to be a first as a political dinner for there was no mention of the opposing candidate during the entire evening. Merrill was and still is interested in telling people what he stands for, not who he is running against.

The volunteers who have made phone calls, addressed letters and stood at shopping centers on snowy cold Saturdays and rainy windy Friday nights are made up of laborers, professional men, farmers, bank officers, truck drivers, school teachers, business men, housewives, postmen and airline pilots—all asking nothing more than that Merrill Otwein be elected senator.

These are the people his campaign slogan is built on. His slogan, "People Power," is one that many of us believe in.

We, as the people of the 53rd District, have a say and a clear choice in the kind of man we want represent us.

We aren't being asked to make a decision based on party; we are being asked to choose a man, and I am perfectly willing to stand up and be counted as a registered Democrat who believes that Merrill Otwein should be elected on Tuesday.

### VOTE FOR MAN, NOT PARTY

To the Editor:

Voters of the Quad-City area:

As a former resident of Granite City and a 30-year resident of the Quad-City area, I urge everyone to vote for Dr. Merrill Otwein in Tuesday's election.

I have always believed in voting for the man rather than for the party. This belief certainly holds true for this senatorial election.

After moving to Troy, I got to know the Otwein family very well, and I believe it would be impossible to find a more honest or more qualified person to be in the state senate.

I urge all to vote for Dr. Merrill Otwein Tuesday because I believe it would be a vote for good, honest government.

W. H. CARSON  
Troy, Ill.

SUPPORTS OTWEIN

To the Editor:

Voters of the 53rd Senatorial District are fortunate to have Dr. Merrill Otwein as a candidate for State Senator.

He is a successful professional and business man, an active community leader and a concerned citizen who will be an asset to the Illinois Senate.

Merrill is a true optimist and distinguished gentleman who should be elected tomorrow. Be sure to vote for him.

Police said a bottle was hurled about 10:30 p.m. at a bus operated by workers at Dow and that a window was broken. Charged with disorderly conduct were Roosevelt Darden, 16, of 1029 Market street, and Jasper Wright, 17, of 1229 Bissell street.

## Health-Welfare Agencies Report Community Needs

Five critical needs of the community in the areas of health and welfare, reported last week to members of the Quad-Cities Social Concerns Council, are only the top priority requirements, Marvin Van Metre, council president said today. Other equally important problems are urgently in need of investigation and programs should be initiated to correct them, he added.

Given top priority by the council's agency representatives were — a county public health department; more services for the elderly, such as transportation, neighborhood centers, home care for the homebound and health care; social services directory; better communication between black and white communities and in-hospital psychiatric services.

Other community needs brought out included — expanded program of Special Education; study of duplication of agency services and evaluation of agencies and accomplishments; more family recreation facilities; improved housing facilities for low-income families and a survey on total needs of alum areas; community cooperation on a beautification program; comprehensive child welfare services; a diagnostic clinic for the elderly; more planned recreation for youth; assistance for neglected children; and camperships for needy children.

The list of community needs was developed by representatives of 23 health-welfare-youth agencies who comprise the council's membership.

### Local K. of C.'s to Attend State Conclave

About 10 members of Tri-City Knights of Columbus Council 1088 will attend the state K. of C. convention on the weekend of May 16-18 at Chicago, according to plans discussed at a council meeting Thursday night.

Reservations remain open. Local delegates will be Michael Schuler, grand knight, and Albert Sanders, past grand knight. During the meeting the council voted a \$100 contribution to Rev. Lawrence Mattingly, pastor of St. Elizabeth's Church and former council chaplain, who is to leave this weekend for a three-week trip to Europe. A check was presented at a tea yesterday.

Another contribution of \$50 was made to the Alton deanery of the Catholic Youth Organization to help defray expenses of the recent CYO basketball league season.

Sanders reminded the group of the annual May Day celebration sponsored by the Madison county K. of C. chapter, which will be a corporate community and Mass at 9:30 a.m. Sunday at St. Kevin's Church in Rosewood Heights. He said the observance of the county chapter started 40 years ago with a Mass at St. Mark's Church in Venice.

Charles Parkinson Jr. reported on plans for the council's annual family picnic to be held June 22 at the American Legion Freedom Farm near Belleville. Schuler and Jack Tritschsch, recording secretary, reported on the semi-annual meeting of the county chapter held the night before at Bethalto. A lunch was served after the meeting.

## Sewer Breaks Causing Much Yard Damage

Extensive damage to yards, trees and shrubbery of homes located along sewer easements where work is under way to repair a series of sewer breaks will add substantially to repair costs under assurances by the city that yards and lawns will be replaced in condition as good as they were before the work became necessary.

Indications today were that this will take some doing. Deep excavations necessary to reach broken or parted sewer lines as a problem as to the source of deep as 15 feet in some places requires heavy equipment, installation of pipe lines for a de-watering process and operation of heavy pumping equipment.

In some instances it has been necessary to move bucket cranes and other heavy equipment through residential lawns and driveways to reach easements where breaks have occurred. Removal of trees has been necessary to operate the equipment and make excavations. Pipelines have been installed over back yards and lawns to de-water the ground area around sewer lines.

The report also suggests the alternative of an agreement with Granite City Industries for periodic pumping of their deep well pumping systems, which now are only on stand-by use.

The engineers noted that the study necessarily would have to determine "completely and thoroughly" the prevailing geological conditions and would need to determine elimination of the present ground water situation based on economics.

Other recommendations based on the report call for televising the sewer lines by use of closed circuit TV, and sealing of the system to eliminate pumping.

purposes are single strength pipe, the report stated, whereas for the past 50 years it has been "common engineering practice" to use double strength pipe for depths exceeding eight feet and extra-strength pipe for depths of more than eight feet "where poor soil conditions prevail."

The original Marville road sewer break and the first Lynch avenue break were both more than 13 feet below the surface, the report said.

The intermittent external ground water pressure and internal surcharging of the lines, due to a lack of proper joint sealing compound, is causing a definite pumping action at each joint or wherever a leak occurs," the report asserted.

The report notes that surface water definitely is entering the system, through leaking manhole structures and manholes placed in low-lying surface drainage areas. The Lynch avenue break revealed that one manhole was serving as a catch basin for surface water and that one side of the manhole had been broken out. The manhole was repaired, but last week had to be broken open temporarily to relieve one acre of standing water resulting from a .75-inch rain. This indicates that the break in the manhole has been the only outlet for surface water in the area, the report added.

One other area was discovered in which one manhole was draining surface water from an area of approximately seven acres. Similar conditions undoubtedly exist in other parts of the city, the study said.

## Howlett Urges U.S. Assume Aid Costs

The U.S. Supreme Court ruling eliminating state residency requirements for public assistance is a threat to Illinois' fiscal stability, Michael J. Howlett, state auditor of public accounts, declared at Springfield Friday.

Howlett said that the federal government should take over the entire responsibility for financing the public assistance program and should enforce national standards both for eligibility and for payments. "In the absence of national minimum standards for assistance, the Supreme Court decision is an open invitation to poor families in the poorer states to move to Illinois, where assistance standards are more civilized," Howlett said.

He noted that "since a lower court order ruled out the one-year residency requirement in Illinois more than a year ago, more than 4000 families have come in from other states and have begun drawing public aid. We can expect a continuing immigration as long as families are drawing \$50 a month in Mississippi, or \$150 in Indiana, or \$124 in Missouri or \$173 in Kentucky can move to Illinois and receive \$246 a month."

## Dram Shop Suit Filed Over Tavern Assault

A dram shop suit for \$20,000 was filed for Leonard David McMillen against the Lions Club of Madison and Paula M. Prince, doing business as the Sportsman's Club at 1001 Iowa street, Madison, last week in Madison county circuit court at Edwardsville.

The complaint alleges that on the night of Oct. 25, 1968, a customer, Gerald Stagner, became intoxicated at the club and assaulted McMillen without provocation, causing severe and permanent injuries.

"We just took out insurance on our insurance. We bought our family plot at Sunset Hill Memorial Gardens.

"All of a sudden we found out how important it is to buy cemetery property ahead of time... from the family of our neighbor down the street. Our neighbor who made the mistake of waiting too long.

"There is enough sorrow at a time like this without adding needless extra distress. And when the cost must be met all at once, the financial drain can be considerable. We want to be sure our savings and insurance money are used for living expenses—not for final arrangements.

"The surprising thing about it, though, is how easy and pleasant it was to buy at our Memorial Park. You've never seen a place that looks less like a cemetery. No competing headstones—just trees and flowers and the ripple of water. It is the kind of place even the youngsters understand—the kind of place you know you will always feel comfortable about visiting."

**The One Purchase Every Family Must Make**  
Perhaps you feel you're too young to think about a memorial plot now. Most people do; it is only human to think "there's plenty of time for that." But consider the advantages of buying in advance of need. You and your family can discuss your preferences sensibly, unemotionally—together. You pay less than you inevitably will later on, and can budget your payments—without "extras." Permanent care is included in the price of every plot. You enjoy a good selection at a beautiful, centrally-located memorial park. And you eliminate needless risks to your family's security and your own peace of mind.

Proper planning is something you owe your family. Why put it off? Mail the coupon today for full information.

## Zoning Official Relates Problems of Enforcement

Problems of administering county zoning laws were discussed Thursday by Jack Clifford, Madison county zoning administrator and building official who spoke to members of the Granite City Optimist Club at their luncheon meeting in the Rose Bowl restaurant.

Clifford said that a county land use plan, intended to update present zoning ordinances, currently is being prepared for presentation to the board of supervisors in 1970.

He noted that one solution to the problem of increasing numbers of abandoned and derelict cars is establishment of a county-operated auto salvage yard where residents could take unwanted vehicles. He said the county could compact the cars and sell them for scrap as a sufficient number was assembled.

"The zoning official reported that private auto salvage firms apparently cannot handle the large number of derelict cars now being left in unincorporated areas. There are about 150 such vehicles located in various sections of Madison county at the present time, he said. Clifford pointed out that tracing the owner of an abandoned vehicle is difficult and costly as most identification numbers are removed before the vehicles are abandoned. He noted that cities have powers to regulate auto salvage yards, whereas the county ordinance in this area is "very vague."

Two other points brought out in a question and answer period concerned landfill regulations, which Clifford also cited

as "vague" with exception of granting protection of adjacent property owners.

Equally as undefined in his estimation, is the ordinance relating to the buses parked on a lot adjacent to Chain of Rocks road, south of Illinois Route 3—an issue raised by the Press-Record last week.

He said county regulations permit an open display of vehicles for sale on property, and he believed that the owner is offering them for sale. An investigation by area residents disclosed that the buses are without engines and do not appear to be being operated on streets or highways.

Clifford was introduced by Granite City Township Supervisor Carl Roach, Fred Cunningham, Optimist president, conducted the meeting, attended by 34 members and one visitor, Irvin Miles, a guest of C. A. McMillan.

## County Board Acts On Zoning Requests

A petition for a special use permit by Elwood Glasper to operate a solid waste disposal site in an R-4 single-family residence district in Nameoki township was held over for another month last week by the Madison county board of supervisors.

The county zoning board of appeals had recommended that it be denied. The supervisors approved three other requests as recommended. They were petitions of:

First Granite City National Bank by Harold G. Baumann, vice-president and trust officer, for a variation in side yard requirements in a B-4 whole sale business district in Nameoki township.

Myrl A. Heuberg, a special use permit to place a mobile home in an agricultural district in Nameoki township.

Robert Becker, to rezone a tract of land from agricultural to B-3 highway business district with a special use permit for a mobile home in Nameoki township.

## City Auto License Due on Thursday

New 1969 city auto license stickers are on sale at the office of Granite City Clerk Pendleton. The \$3 windshield stickers are due Thursday, May 1, the start of the city's new fiscal year. During the 1968-69 fiscal year, nearly 15,000 stickers were sold.

## Cub Indian Program

### Presented At St. Joseph

An Indian pageant with authentic Apache music and dances was presented Thursday evening, by the Cub Scouts in Pack 7, St. Joseph school, in the school auditorium, followed by the monthly Pack meeting.

Apache music from the Apache tribes in Arizona, which is on tape, and obtained from the Illinois State Library, played as 15 members and guests arrived. Den Two, attended the guest book.

The program opened with a flag ceremony performed by Den One including Shawn and Shane Ryan, John Courtwright, Brad French, Ricky Norton, Ronald Breeden, Joseph and Robert Theis, under the direction of Mrs. Nadine Ryan and Mrs. Ruth Courtwright, den mothers.

Mrs. Myrna Geisler Den mother for Den Two, has been helping the program on Indian culture, by teaching Cub Scouts in her den Indian sign language and the correct meaning of each part of the Indian dress and used facial decoration. The Cubs made their costumes during the past school year at the weekly den meetings, to be authentic in every detail.

Assisting Mrs. Geisler were Mrs. Charlotte Marler and Mrs. Theresa Patrick.

The ten Indian "warriors" who took part in the dances were Juan Jose Ortiz, Teddy Marler, Anthony Guenther, Steven Patrick, Tony Smith, Gerald Norton, Mark DeKuntz, Darren Geisler, Paul Perdue and David Marler.

They performed the Joyous Dance and the "Mountain Spirit Dance" or "Apache Devil Dance" against a background of Indian scenery, also many of the den and den mothers. This included a teepee, drums and other Indian paraphernalia.

A closing ceremony by Den One included the playing of "Taps" on the bugle by Cubmaster Robert De Runtz.

Jack French, committee chairman, served as master of ceremonies, and presented an award to the den with the most parents attending.

MR. AND MRS. MICHAEL R. CHANDLER. Their wedding took place Saturday evening at St. John United Church of Christ.

## Judith Ann Richardson, Michael Chandler Wed

Miss Judith Ann Richardson and Michael Ray Chandler exchanged wedding vows Saturday evening at St. John United Church of Christ.

The bride is the daughter of Mr. and Mrs. Everett Messinger, 2337 Sunset drive. Mr. Chandler is a son of Mr. and Mrs. Charles Chandler, Rural Route One.

Rev. Paul Surbey officiated at the 7 o'clock double-ring ceremony. White gladioli, turquoise pom poms and greenery were placed in vases on each side of the altar.

Wedding music was furnished by Mrs. Lois Bilibrey. She presented several musical selections and sang the Lord's Prayer. Mrs. Irene Barrick accompanied at the organ.

The bride was escorted down the aisle by her stepfather. She wore a gown of Chantilly lace over imported peau de soie, with a scalloped sabrina neckline. The re-embroidered lace tapered into traditional long sleeves which formed points at the wrists. The bouffant skirt flowed into double rows of Chantilly lace ruffles, accented with scattered sequins and crystal-embroidered matching those on the bodice.

The lace jeweled ruffles gathered into a cascading brush train arranged in a bustle effect for a dance held later in the evening. The scalloped ruffles ended in a full ruffle.

The bride's headpiece was a double layer of bridal illusion, shoulder length, gathered to a large white satin bow. She carried a formal bouquet of white elegance carnations centered with a white orchid corsage.

Miss Richardson was preceded down the aisle by her maid of honor, Miss Marilyn Conterman, bridesmaid, a cousin, Brenda Schanott.

They were dressed alike in floor-length gowns of aqua chiffon, in classic styling. Each had a rounded neckline complemented with brief sleeves, banded in matching Venice daisy-design lace sheath skirts, with an added overskirt effect. The molded bodice and Empire waist of each dress was accented with a small band of daisies. A chiffon overskirt flowed into a train effect.

Their headpieces were matching-toned bouffant veils attached to turquoise bows, with tulle of shoulder length. They carried spring nosegays of turquoise carnations edged with tulle.

The flower girl, Debbie Counts, a cousin of the bride, wore a white frock similar to that of the bride and she carried a basket of white rose petals. The rings were carried by Barry Richardson, nephew of the bride.

Bill Jackson, who recently returned from Vietnam and had enlisted in the service with the groom, served as best man. The corps of groomsmen and ushers included Harold Schanott, a cousin of the bride, Jeff Chandler, a brother of the groom, and Benjie Proffer, a cousin of the groom from Fredericktown, Mo.

Presiding over the guest book was Betty Barthelmy, a sister of the groom.

The little flower girl wore a turquoise velvet dress and carries a basket of white pom poms.

After a honeymoon in Memphis, Tenn., the newlyweds will return here to live at 1906 Rhodes street.

David Nicholson brought his personally selected Bourbon up-river from Louisville on his own steamboat.

When Mr. Nicholson ran out of 1843, people lined the levee.

Even today, when this rare Bourbon is temporarily in short supply, many St. Louisans prefer simply to wait.

**More Home Rule, GC School Supt. Davis Order Pledged by Dr. Ottwein**

Increasing home rule and positive action to preserve law and order are favored by Dr. Merrill Ottwein, he said late last week in announcing his stand on additional campaign issues. He is the Republican nominee in the state senatorial election tomorrow.

"A vast number of people feel remote from governmental processes, apart from decision-making and participation. The government we are faced with is the result of decades of centralization—centralization in the name of efficiency but too often growing out of an intent to manipulate, a search for power by individuals and groups."

"The stock answer to any problem this day is to pass a law or create an agency for study," Dr. Ottwein commented. "We are staggering under the weight of top-heavy government. A man is governing his own life and destiny via his government has been limited to the casting of a ballot two or three times a year."

"The network of legislation that has descended into our lives has become indescribably complex and demanding. It is not the vision of a democracy in the minds of our founders, who knew that participation was the key to its survival."

**Individual Participation**

"They knew first-hand the dangers of government from above as they were alive today, they would hardly recognize our government as the end result of their planning. Government must be sufficiently decentralized to allow for individual participation."

Describing much current legislation as unnecessary and repetitious, the candidate said, "Government has become involved in areas in which it has no business."

"This is one of the reasons I feel that a non-legal or non-legislative background can be of benefit to the legislative process. We need new approaches."

"The cost of tending to this huge government is already beyond comprehension and is growing beyond endurance. The 'home rule' bills now in the Illinois Senate, while only a start, are a good beginning for the reversal of an otherwise frightening trend."

Dr. Ottwein said many voters have been lulled by a "lack of security for persons and property, over the confusion in some minds between the two concepts, and over the fact that more and more people in our culture feel no obligation to contribute."

In fact, he said, on destruction of the Federal income tax, the FBI in its annual report says crime in the U.S. has increased over 90% since 1900. The figure is even more alarming when broken into separate categories.

"If a 90% increase is cause for alarm, it's a wonder Illinois aren't downright terrified. This state, the FBI says, has the highest violent crime rate in the U.S. It reports that at the present rate, one person from every family in Illinois will sooner or later be the victim of a crime of violence."

"Nationwide, murder has increased by 34%, and forcible rape since 1960 by 65%; in Illinois, the same figures are 90% and 188%. And the frustration is a genuine inability to do anything about it."

"Our principles of self-determination and individual worth must be held just as precious and vital today as in the past. They are the spirit that created, defended and united this country against and against. Idealistic rhetoric alone will not dent the crime curtain descending over America."

**Safety, Then Prevention**

"Positive action is the only answer. I appreciate the need for preventive measures, but we must 'stop the bleeding.' We must make our cities and neighborhoods safe places to live again."

Frictions of our law enforcement agencies must be brought to a halt. Police must be free to do their jobs. Understanding and unity have never come from chaos and lawlessness."

"Progress and the realization

**GC School Supt. Davis Endorses PTA Project**

Supt. of Schools B. J. Davis of Granite City today said he supports the proposed action by area PTA members who plan to travel by chartered bus to Springfield on Tuesday, May 13, to meet with legislators and focus attention on the financial plight of Illinois public schools.

The chartered bus trip, sponsored by District 29, Illinois Congress of Parents and Teachers, is open to all PTA members and other persons interested in advancing education in the state's public schools, Mrs. Mary Jesses, District 29 legislative assistant announced.

Reservations will be accepted by Mrs. Jesses, 3281 Carlson avenue, through Thursday, at a cost of \$3 per person for two State representatives. A bus will depart at 8 a.m. May 13 from the Bellemeville Village shopping center in Granite City.

Others will join the Quad-City contingent at St. Joseph's Plaza and the Eastgate Plaza shopping center, East Alton, Mo. Mrs. Jesses noted that the PTA has always supported revenue measures to secure additional funds for schools and other vital services and is aware that there are no taxes levied by "other people."

She said the District 29 delegation expects to visit committee hearings, meet with local area legislators and observe a session of the General Assembly. Green \$50 bills will be given to all delegates to emphasize the need for a foundation level of at least \$500 per pupil for the coming year.

The \$500 foundation level at Erie, N.Y.

Program plans for the dinner have not been completed, but tickets are available to the general public from all school principals or from Raymond J. Jones or Dale C. Rea at the Board of Education offices, Jones Avenue, Granite City.

Arrangements for the dinner are being handled by the Board of Education.

**Nominees Sought for Community Award**

Nominees for the 20th annual Lane Bryant Volunteer Awards may be submitted by Thursday, May 14, to the Board of Education, 465 Fifth Avenue, New York, N.Y., according to an announcement received last week by Granite City.

Two \$500 awards, one to an individual and the second to a group or organization, are awarded annually to candidates whose volunteer services to the community are judged most outstanding. Previous awards have been made to individuals for work with the underprivileged in Pennsylvania and to a volunteer staffed school of arts in Erie, N.Y.

Individual candidates or groups may be nominated by any person in the community, Eubank said. Nominations must be accompanied by a 400-word or less resume of the candidate's activities and contributions to the community.

Photographs of the individual or group may be submitted with the resume, the Depot PI office said. The information should be forwarded from the Army Material Command in Washington, D. C.

## Amvets Nat'l. Leader Lambasts Hippies in Talk Here

Formation of groups similar to an 800-member Student Veterans Association recently organized on the campus of the University of Illinois may be one solution in countering campus disruptions and infuse an element of responsibility into current university life. National Amvets Commander Joseph V. Ferrino of Winthrop, Mass., said Thursday in Granite City.

Expressing deep concern with actions by the SDS (Students for a Democratic Society) and similar youth groups on the National's university campuses, Ferrino said, "These young people in college today control the future of this country. They are our key to the future and action must be taken to direct their energies away from the hippie-type organizations to more stable and responsible groups."

Ferrino urged more than 135 Amvets members and guests who attended a reception in his honor Thursday evening at the Post Office Home, 5100 Lakeview drive, to "stand up for what you believe in."

Contact your senators and congressmen and urge them to support enforcement of the law against these campus demonstrators and not to grant them concessions or amnesty for their acts," he stressed.

### Not Fraternal 'Kooks'

The national commander said the Amvets is not a fraternal organization. "We are not 'kooks' by the hippie definition," he said. "We are a service organization and we are truly American, not kooks. They are the bastards of the country," Ferrino said.

Noting this is the 25th anniversary of the founding of the Amvets, he said, "Some of you get behind the leadership of our country. Let us reunite and rededicate ourselves to making it an even better place to live."

A prominent Boston attorney, who was introduced at the local post by Joseph Wickham, Post 51 commander, who also presented other distinguished speakers, said he was at the military-escorted inspection by other national and state Amvets officials and members of the local post.

**Current Poster Art On Display at SIU-SW**  
An exhibition of contemporary posters currently on display in the Communications Building lobby at Southern Illinois University-Southwestern campus, includes examples of protest posters, hippies psychology and posters designed by leading European and American artists.

The public is invited to view the exhibit through May 18, according to Prof. David Huntley of the SIU-SW Fine Arts Division, who noted that "in addition to long hair, rock music and the mod look, the hippie generation has added another contribution to our 'pop' culture—the poster."

The poster has been snatched from the hands of the advertising industry, Italy explained, and has been claimed by the younger generation as its own property, invention and media of communication second only to the underground newspaper. "It serves as the best visual expression of the psychedelic, turned-on world," he commented.

## Proclamation

May first marks the twelfth anniversary of Law Day USA. It is a special day celebrated throughout the nation in recognition of our national heritage of individual freedom under law.

Law Day is an occasion for recognition by Americans of the great rights secured to them under law and the attendant duties and responsibilities these rights entail.

The day has been set aside by Congress and by Presidential proclamation to remind us that adherence to the rule of law is essential in our society, basic to the welfare of every citizen and to the stability and vitality of the nation.

The theme for the observance of Law Day USA this year carries a timely reminder for all Americans: "Justice and Equality Depend Upon Law and You!"

It is appropriate, therefore, on this Law Day that we acknowledge our duty as citizens and recognize our responsibility to obey the law, to support the agencies of law enforcement and the courts in the performance of their obligations; and also, that in the home, the school and the church we teach young Americans the enduring values of a society rooted in a tradition of freedom secured by law.

NOW, THEREFORE, we, Donald Partney, Mayor of Granite City, Stephen Maeras, Mayor of Madison, John Elrod, Mayor of Venice, do hereby proclaim Thursday, May 1, 1969, as Law Day USA in the cities of Granite City, Madison and Venice and call upon all citizens, organizations and the media of public information to recognize this special day through appropriate programs and ceremonies.
